Announcement

Dear Valued Customer,

We are excited to announce that Renew IT has acquired Verser Technology Lifecycles. The acquisition follows 14 years of strong organic growth for Renew IT and will enable us to expand our technical support and service capabilities.

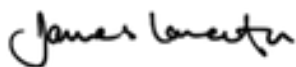

With seven R2 accredited processing facilities across Australia and New Zealand, the move will bolster our position as the leading Information Technology Asset Disposition (**ITAD**) provider in Australia and New Zealand.

This is good news for all our customers as we can now provide you with a better experience. With staff available nationally, can service your requirements with complete coverage across Australia and New Zealand.

We also wanted to let you know that our inhouse ERP software is ready to launch. The system will allow you to track orders in real-time and access GRA reports and environmental sustainability reports.

We invite you to join us as we embark on the next stage of our journey and look forward to seeing you soon at our next event.

Yours Sincerely

A handwritten signature in black ink that reads "James Lancaster".
